GRENADIER

ACCESSORIES

Vehicle wrap shown is not available for purchase.

INTRODUCTION

The Grenadier is built on purpose. A working tool designed to help you get the job done. Given the huge variety of tasks our rugged 4X4 will face around the world, we know you'll want to customise yours to your exact needs. That's why we've developed it as a blank canvas, ready for you to make it your own.

From simply enhancing your everyday driving to storing and transporting essential tools and kit, every accessory is designed so they can be fitted easily by you. Or, if you prefer, one of our trained technicians. And all have undergone the same rigorous testing as the Grenadier to be as tough and reliable as the vehicle itself. We trust you'll find all the essential 4x4 kit you need.

Scan the QR code to join Mark Evans as he explores and fits a selection of accessories, and discusses how to customise your Grenadier.

KEEP GOING

EXTERIOR

The Grenadier is built to be tough, capable and reliable. It's also a blank canvas for you to add the accessories you need to protect and equip yours as you get the job done, and return safely for many years to come. And for when off-the-beaten-track is your daily drive, our recovery accessories give you the gear to recover with confidence in any terrain, and any environment. All developed with industry-leading suppliers, so you're always prepared.

KEEP GOING

SIDE RUNNERS

Good ground clearance doesn't mean getting in and out of the Grenadier has to be a struggle. Our Side Runners make the cabin easy to access. Slip-resistant footholds also provide a secure platform to stand on, for easy roof access along the full length of the vehicle. Constructed from powder-coated steel, they offer extra protection to your sills from dirt, rocks, and gravel. And act as handy vantage points when you're up to your axles in mud.

SPECIFICATIONS

WEIGHT	25kg
STEP HEIGHT FRONT/REAR	373mm/395mm
CLEARANCE TO SILL (HORIZONTAL)	113mm
MATERIAL	Powder-coated S235JR Steel with rubber-protected (slip-resistant) stepping surfaces
COLOUR	Black
LOAD CAPACITY (PER SIDE)	300kg
BREAKOVER ANGLE	Not affected
VEHICLE GROUND CLEARANCE	Not affected
SIDE RUNNER GROUND CLEARANCE	Min. 272mm

KEEP GOING

ROCK SLIDERS

Heavy duty. Powder coated. Steel construction. Our Rock Sliders are designed specifically to protect the body of your Grenadier when off-roading. Tucking in close to the undercarriage they have minimal effect on breakover angle and ground clearance. And together they're capable of holding the entire gross vehicle weight. As well as offering anchoring points for a Hi-Lift Jack.

SPECIFICATIONS

WEIGHT	51kg
CLEARANCE TO SILL (HORIZONTAL)	40mm
MATERIAL	Powder-coated S355JR steel
COLOUR	Black
LOAD CAPACITY (PER SIDE)	2000kg from underside
BREAKOVER ANGLE	Not affected
VEHICLE GROUND CLEARANCE	Not affected
ROCK SLIDER GROUND CLEARANCE	Min. 289mm

Vehicle wrap shown is not available for purchase.

KEEP GOING

ROO BAR

Protect the front of your Grenadier with this tough Roo Bar*. Custom designed to fit your Grenadier, you can bolt it onto the bumper easily, without obscuring your headlights. And also mount extra lighting or antennae. Select it with or without our 5.5 tonne integrated front winch.

SPECIFICATIONS

WEIGHT	40kg
VEHICLE LENGTH VS STANDARD	+38mm
MATERIAL	Powder-coated Q325A Steel
COLOUR	Black
ATTACHMENTS LOAD CAPACITY (DYNAMIC)	Up to 150kg Dynamic

SIDE PROTECTION RAILS

Built specifically for the Grenadier, these Side Protection Rails[†] protect your fenders and wheel arches when you're off-road.

SPECIFICATIONS

WEIGHT	7kg
WIDTH	1253mm
CLEARANCE TO FENDER	70mm
MATERIAL	Powder-coated S235JR Steel
COLOUR	Black

*Not compatible with Park Assist Front (PDC) option.

*Always ensure engine air inflow when fitting attachments to the Roo Bar.

Vehicle wrap shown is not available for purchase.

[†]Roo Bar and Side Runners or Rock Sliders are required for fitment.

KEEP GOING

LED LIGHT BAR

Off-roading in harsh environments, setting up camp at dusk, working in foul weather? You need lighting you can rely on. Mount the 40" LED Light Bar to the Roof Rack or Cross-bars and hook up to the optional exterior roof connectors. Flick the switch on the Overhead Control Panel for serious illumination. Comes with a fitted cover for when not in use.

SPECIFICATIONS

WEIGHT	3.6kg
WIDTH / HEIGHT	102 / 50mm
OPERATING POWER OUTPUT	210W
NUMBER OF LEDS	42
MAX AMPS	14.9amp
LIGHT COLOUR	Cold (5,700k)
BRIGHTNESS	17,640 Lumens
BEAM PATTERN	Combo (long distance & surrounding)

Optional High Load Auxiliary Switch Panel & Electrical Preparation required.

Off-road use only.

Vehicle wrap shown is not available for purchase.

KEEP GOING

CHECKER PLATES

The Grenadier's flat-top reinforced front fenders are designed to be practical – as a viewing platform or handy work surface. Make the most of them by adding our e-coated, aluminium Checker Plates. They increase the load the fenders can handle to 150kg each. And they're slip-resistant, so you can stand on them to safely secure and inspect loads on the roof, or get a better view of the wildlife.

SPECIFICATIONS

WEIGHT	1.8kg
SURFACE AREA	895mm x 295mm
SURFACE PATTERN	Diamond Plate
MATERIAL	3mm Aluminium alloy
COLOUR	Black
LOAD CAPACITY (STANDARD)	150kg (90kg*)
FIXING SYSTEM	Double-sided tape + rivets

ROW Road Compliance.

USMCA and Rest of World fenders can take 90kg load without the checker plate e.g. sitting*. Additional fender reinforcement structure standard on USMCA and ROW vehicles.

Vehicle wrap shown is not available for purchase.

KEEP GOING

CYCLONE PRE-CLEANER

Our Cyclone Pre-Cleaner attaches to the Raised Air Intake to provide an added layer of filtration for your engine to prevent excess dirt and dust getting in. A must if you regularly face extreme dust or sand in your Grenadier.

SPECIFICATIONS

WEIGHT	1.8kg	
DIAMETER	280mm	
MATERIAL	Heavy-duty solid polypropylene	
COLOUR	Black	
EFFICIENCY TEST	SO 5011, SAE J726	
RATED FLOW LOW RANGE	R 12.7 m ³ /min (448 cfm)	
RATED FLOW HIGH RANGE	R 24.1 m ³ /min (851 cfm)	
SERVICE INTERVALS (CLEANING)	Self-cleaning (no maintenance bowl to clean)	
HEIGHT	With Cyclone 2185mm	Without Cyclone 2050mm

INEOS Automotive Raised Air Intake option required.

Off-Road use only.

Vehicle wrap shown is not available for purchase.

KEEP GOING

LOCKING WHEEL NUTS

Secure all your Grenadier's wheels with this locking wheel nut set.

SPECIFICATIONS

WEIGHT	0.6kg
MATERIAL	Bright EN 10277 steel
COLOUR	Silver
QUANTITY	5
SECURITY PATTERN	Computerised

Compatible with all INEOS Automotive wheel options as well as the optional Spare Wheel Lockable Storage Box.

Available as an option when you order.

KEEP GOING

REMOVABLE REAR WINCH

The Grenadier is available with a factory-fitted front winch. But if you want to be prepared for anything, add this 3.5 tonne self-recovery winch to your vehicle. Simple to fit and remove, it slots into the rear towing interface, and can be shared among vehicles with ease. Remote control operation, so you can keep well clear while it's in use. Pack it up and store it in the vehicle or at home when you don't need it.

SPECIFICATIONS

WEIGHT	42kg
ROPE MATERIAL	UHMWPE
ROPE LENGTH	20m
PULLING CAPACITY	3,500kg
VEHICLE LENGTH VS STANDARD	+170mm
WIDTH X HEIGHT X DEPTH	587mm x 289mm x 371mm
AMPERAGE (MIN/MAX)	65 Amps / 150 Amps
CONTROL	Wireless
SERVICE INTERVAL	Service at 36 months
FREESPOOL OPERATION	Manual, rotating lever
SPEED	6m/min (No load, average)

Optional High Load Auxiliary Switch Panel & Electrical Preparation required.

Optional towing interface required.

Off-road use only, the Removable Winch must be removed and stowed before joining a public highway.

KEEP GOING

RECOVERY KIT

This handy addition to your off-road tools includes all the basics you need to boost your winching capability, including alloy pulley, bow shackles, soft shackles, non kinetic recovery strap, one tree saver strop, and a pair of gloves. All neatly stowed in their own canvas bag.

KIT CONTENT	SPECIFICATIONS
1x Alloy pulley	MBL 5T
2x Bow shackle	4T WLL 7 to 1 Safety Factor- MBS 28T
2x Synthetic soft shackle	12mm rope MBS 13T
1x Non kinetic recovery strap	10M/11T
1x Non kinetic recovery strap	4M/12T
1x Tree saver strop (Roundsling)	3M/10T MBS
1x Bag	24L
1x Pair of Gloves	Synthetic Leather and Elastane

Before towing or winching consult your Owner's Manual or closest Retail Partner for more details. Off-road driving and related equipment requires advanced training and experience and may result in property damage and/or injury. Always check vehicle, route and conditions ahead before proceeding.

BUYING

Kitting your Grenadier out for what you want it to do means fitting the right accessories to get the job done. Don't worry, you can do it through our [online configurator](#) or our E-Shop. Here you'll find all the information you need about our accessories. Including tech specs and fitting instructions.

WARRANTY

Every Grenadier has durability and reliability built in. And the same applies to every one of its Accessories. Having proven each of them over 1.1 million miles of testing we're confident in their capability and quality. So we back them all up with a comprehensive five-year warranty.

FITTING

Sometimes you'll need to be able to carry out repairs and remove and refit an accessory in the field. That's why we developed them all to be easy to fit, with simple fitting instructions.

EXTERIOR

ACCESSORY	DESCRIPTION	COMPONENT DETAIL	PART NUMBER	REMARKS
Side Runners	Improves accessibility to the cabin, and adds an extra layer of protection when off-roading. Has slip-resistant footholds and can be used to help gain access to full length of the cargo area on the roof. Load capacity: 300kg per side (Static).	Side Runner left, including fittings Side Runner right, including fittings	GRA-0A82-000590	Not compatible with Rock Sliders
Rock Sliders	Additional protection for the body and chassis of your vehicle. Made of heavy-duty powder-coated steel, these Rock Sliders can also be used as anchoring points for Hi-Lift Jacks. Load capacity: 2,000kg from underside.	Rock Slider left, including fittings Rock Slider right, including fittings	GRA-0B06-031250	Not compatible with Side Runners

Written and visual depictions (including photographs and colours) of the vehicle and or accessories within this brochure are purely illustrative and may vary from production models and are subject to change without notice.

The maximum roof load of the vehicle as specified in the owner's manual must not be exceeded. The total roof load consists of; the weight of the roof accessories, the weight of the roof rack or cross bars and the weight of the Roof accessory contents.

INEOS reserves the right to make updates to the product offering including specifications, options and accessories. As such, the quoted prices and specifications in the (Price List/Brochure/Website/Configurator) are indicative and may not reflect current offering and availability. Pricing and details provided do not constitute an offer for the sale of any particular vehicle at any particular price or specification.

Optional features, accessories and their availability may differ by vehicle (bodystyle and powertrain) and country or require the installation of other features in order to be fitted. Note that some standard features may be replaced when specifying a vehicle or selecting trim levels. Please contact your local Retail Partner for more details or configure your vehicle online. Warranty periods offered by INEOS on certain features may be limited and differ in duration. Please refer to the INEOS Automotive Manufacturers Warranty Terms and Conditions for details of variations and exceptions.

Additional options offered for the vehicle may affect performance, emissions, exterior dimensions and off-/on-road geometry. Loading equipment on the roof may change the vehicle's handling characteristics and users should not load the vehicle, any options or accessories (or any part of them) beyond their intended capacities.

Off-road driving and use of related equipment (including options and accessories) requires advanced training and experience. Improper use of the vehicle or other equipment may be unsafe and could result in property damage and/or injury to users and/or other parties. It is the user's responsibility to check the vehicle, equipment, route and conditions ahead before proceeding. Consult the Owner's Manual, applicable accessories manual/instructions or your closest Retail Partner for more detail.

The Utility Belt option has restricted usage on-road, dependent on local laws.

Only use in-car features when safe to do so. Driving while distracted can result in loss of vehicle control, damage to property, injury or death. Always obey local laws and speed limits.

Vehicle wrap shown is not available for purchase.
